Industrial 2188-Type Pressure Transmitter

II-PT-007

Industrial field transmitter

Full specification, variants, open points and ordering information. A rugged field transmitter in the familiar “2188” style, with a cooling-fin version for hotter media.

Industrial 2188-Type Pressure Transmitter

Indiana catalogue ID **II-PT-007** Pressure Meters · Pressure transmitters

IDENTIFICATION

Product	Industrial 2188-Type Pressure Transmitter
Indiana catalogue ID	II-PT-007
Category	Pressure Meters · Pressure transmitters
Measuring principle	Industrial field transmitter
Model line	Standard and high-temperature
Document	Specification · issued 24 October 2026

01 As stated in the manufacturer listing

Type	2188-style industrial pressure transmitter
Output	4–20 mA
Range (spec cards)	0–10 bar
Accuracy (spec cards)	0.25 % F.S.

02 Variants and model selection (3)

STANDARD — CONVENTIONAL TRANSMITTER

Listed for water treatment, described as without display although its spec card says “with display”.

Output	4–20 mA
--------	---------

HIGH-TEMP · LCD — HIGH-TEMPERATURE TRANSMITTER WITH LCD

Listed for mechanical-industry duty.

Display	LCD
Output	4–20 mA
Range (spec card)	0–10 bar

HIGH-TEMP — HIGH-TEMPERATURE TRANSMITTER

Listed for pharmaceutical duty.

Output	4–20 mA
Range (spec card)	0–10 bar

03 Open points — confirmed with the quotation

NOT STATED IN THE LISTING — CONFIRMED WITH THE QUOTATION

Maximum process temperature	<i>Not stated in the source</i>
Supply voltage	<i>Not stated in the source</i>
Wetted materials	<i>Not stated in the source</i>
Process connection	<i>Not stated in the source</i>
Protection rating	<i>Not stated in the source</i>

Each line above is a value the source documentation does not state. It is confirmed in writing with the quotation for the configuration ordered — it is not an omission from this document.

04 Applications and industries

APPLICATIONS

- Water treatment
- Mechanical and machinery systems
- Pharmaceutical process lines

INDUSTRIES

Water and wastewater

Machinery

Pharmaceutical

06 Ordering

Quote reference	II-PT-007
Model / variant options	Standard · High-temp · LCD · High-temp
Lead time, terms, documentation	Confirmed in the quotation

TO PREPARE A QUOTATION WE NEED

- Pressure type (gauge, absolute, differential) and range
- Medium and temperature
- Output and supply required
- Process connection
- Quantity

TELEPHONE	EMAIL	QUOTATION
+91 75033 02545 +91 92893 62447	info@indianainstrutech.com	List the product, ID and quantity; add process conditions. We reply with a quotation.

CONFIRM BEFORE ORDERING

- Photographs, figures and wording come from the manufacturer's product listing for this family and may describe a sibling configuration; the datasheet for the ordered model is confirmed with the quotation.
- The standard version's title says "without display" while its spec card says "with display"; confirm which is supplied.

Manufacturer product listing (saved October 2026). Figures are reproduced as listed; spec-card values and title values are shown separately where they differ. Values are reproduced from the source documentation as stated there; where a source gives two different values for the same property, both are shown with their source. Unstated values are listed under "Open points". This document is not a certificate, and no approval, certification or hazardous-area suitability is implied.
